

## CES goes to school at Escola Secundária António Nobre

In the 8<sup>th</sup> of February a session was held concerning the dissemination of the Glass Boundaries goals and results. This session was organized in the scope of the [CES goes to school](#) initiative.

The sessions, lasting about 1:45h each were ministered by the researcher Celso Fuinhas and they involved 4 classes (around 100 students and one teacher) from the 10<sup>th</sup> and 12<sup>th</sup> grades. The sessions were held at Escola Secundária António Nobre in Porto.
